Quickly positioned, firmly secured.

The MFT lever clamp securely holds workpieces without slipping. The fact that it is compatible with the MFT hole pattern means that it is easy to attach it to a multifunction table or the mobile workshop. The clamp lever makes it quick and convenient to clamp and release workpieces using only one hand.

Ergonomic lever makes it simple to clamp and release material using one hand

Round and flat workpieces can be securely clamped on the MFT/3 thanks to the vertical fixing system

Compatible with the MFT clamping system: MFT/3 and MW 1000

It is possible to secure different materials up to a height of 80 mm
