### Descriptions

More performance than ever before: New cordless angle grinder fully equal to corded 1,500 W.

The GWX 18V-15 C Professional is Bosch's high-performing cordless grinder that offers industrial power in the 18 V category. It delivers cordless power equal to a 1,500 W corded grinder due to its strong brushless motor that is fully optimised for ProCORE18V battery technology, making use of the battery's complete power. This small angle grinder comes with a keyless X-LOCK click system that enables fast and convenient accessory changes. For highest convenience, a Bluetooth Connectivity module allows for individual speed setting adjustments. The grinder offers complete tool control due to X-LOCK, KickBack Control, Drop Control, and the intelligent fast "X-Brake", while its user interface offers active tool feedback.

It is suitable for grinding and cutting metal. It is compatible with all Bosch Professional 18 V batteries and chargers (Professional 18V System) - Maximum power with ProCORE18V = 8.0 Ah - as well as with dust attachments GDE 115/125 FC-T Professional and GDE 125 EA-T Professional. The GWX 18V-15 C Professional also features constant speed, overload protection, keyless protection guard, restart protection, soft start, and Vibration Control.

50% faster cutting and more metal removal than our previous cordless grinders due to new BITURBO Brushless technology

Ultimate X-LOCK convenience: Easy change of accessories without any key or losable parts - up to 5 times faster
