Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

**Features:**

The GDE max Professional dust guard is the practical and effective solution for virtually dust-free chiselling work. It enables clean and tidy work, reduces cleaning times, and improves the user's safety protection. For high convenience and flexibility, it can be quickly and easily adapted for various working positions, allows for changing chisels without dismantling the dust extraction unit, and is designed for use with the Bosch Click & Clean System. Its compatibility with all SDS max hammers guarantees universal use.

Enables clean and tidy work, reduces cleaning times, and improves user's safety protection

Highly convenient and flexible: various working positions, chisel changes without dismantling the dust extraction unit

Designed for use with the Bosch Click & Clean System, compatible with all SDS max hammers
