

PSBC 420 CARVEX 18V CORDLESS D HANDLE JIGSAW 5.0AH BLUETOOTH SET IN SYSTAINER 578289 BY FESTOOL

SKU	Option	Part #	Price
934291		578289	\$915

Model	
Type	Jigsaw
SKU	934291
Part Number	578289
Barcode	4014549444740
Brand	Festool
Dimensions	
Product Length	410 mm
Product Width	310 mm
Product Height	290 mm
Packaging + Shipping	
Shipping Weight (Gross)	6.31 kg

The cordless D-handle version of the CARVEX – performance similar to a mains-powered tool.

With this, even tight curves feel like straight lines. With 3800 strokes per minute, the high-performance, energy-efficient EC-TEC motor gives you powerful, fast sawing progress every time. Always guaranteed: Utmost precision thanks to the specially developed hammer guide and the guidance jaws featuring parallel adjustment. They act as a third guide to keep the saw blade on track with no compromises. And the fact that top performance does not merely relate to sawing results is also shown by the ergonomic design of our cordless pendulum jigsaws, which enables you to work tirelessly for sustained periods. The Festool Bluetooth® battery packs ensure particularly convenient use of the Festool mobile dust extractor: In combination with a Bluetooth®-compatible Festool mobile dust extractor, they ensure that the extractor starts automatically in AUTO mode when the cordless pendulum jigsaw is switched on.

Excellent behaviour in curves thanks to threefold saw blade guide and rigid lifter rod

Simple handling thanks to the softgrip and ergonomic design
Electronic switch-on/off on both sides, reachable in every grip position

Fast, tool-free changing of tables, baseplates and saw blades

Easily visible scribe mark through stroboscope light and powerful extraction

Powerful cutting stroke for rapid working progress

Noticeably lighter at full power thanks to Li-HighPower battery pack with high current resistant battery cells

Convenient dust extraction: The battery pack communicates via Bluetooth® with the Bluetooth® module of the CLEANTEC mobile dust extractor (can be retrofitted to the CT 26/36/48 as an accessory, directly integrated into the CT MINI I and MIDI I) and starts the mobile dust extractor automatically when the CARVEX is switched on

The cordless pendulum jigsaw in a Systainer³ can also be seamlessly integrated into bott vehicle equipment for easy transportation from the workshop to the construction site.

Systainer³ products are compatible with one another and can be connected to all previous Systainer generations, mobile dust extractors and many other system accessories, such as roll boards or the mobile workshop

Main applications

Cut-outs for sinks and kitchen hobs

Trimming work on furniture, kitchens, for interior fitting

Cutting circles and curves

Coping end strips

Cutting workpieces to length

Edge notching on beams

Cutting from below

Convenient working with dust extraction - Bluetooth® battery pack automatically starts Bluetooth®-compatible mobile dust extractor in AUTO mode

Specifications

Tool Weight: 2.4 kg

Cutting Depth - Soft Steel: 10 mm

Cutting Depth - Wood: 120 mm

Cutting Depth - NF Metals: 20 mm

Stroke Rate 1,000 rpm - 3,800 rpm

Pendulum Cover Adjustment Stages: 4

Battery Voltage: 18 V

Dust Extraction Connection Diameter: 27 mm

Battery Capacity: 5.0 Ah Bluetooth

Power Source: Cordless

Motor Type: Brushless

Battery Type: Lithium-ion
