12V Right Angle Drill C12RAD-0 by Milwaukee

### Features

**REDLITHIUM Battery Technology:** Superior pack construction, electronics, and performance deliver more work per charge and more work over pack life than any battery on the market

**Extended Paddle Switch:** Provides convenience and comfort no matter what the job requires

**Innovative Electronic Clutch:** Delivers up to 100 in-lbs of torque with 11 settings plus drill mode for complete control in fastening applications

**3/8" Single Sleeve Ratcheting Chuck:** Allows quick and easy bit changes and maximum grip

**Built-in LEDs:** Illuminate work surface and indicate clutch position

**Variable-speed Trigger:** Provides maximum control

### Specifications

**Voltage** 12V

**Peak Torque** 100 in-lbs

**Chuck Type** 3/8" Single Sleeve

**Speed** 0-800 RPM

**Tool Warranty** 5 Years

### Overview

Work more efficiently with the most versatile right angle drill. With a head size of just 95mm, this M12 Right Angle Drill/Driver is compact and lightweight for drilling and fastening in tight spaces, yet delivers 12Nm of torque. It's the first subcompact with a spindle lock chuck for maximum versatility and grip. It also features the industry's first electronic clutch, with 12 torque settings and an LED indicator for fastening with complete control. The M12 REDLITHIUM Battery Pack delivers more work per charge and more work over pack life than the competitors. The onboard fuel gauge helps you monitor the charge precisely, so there's
