## 25MM (1") X 1067MM (42") BELT & 200MM (8") DISC SANDER 50-144 BY RIKON

Belt & Disc Sanders are ideal combination machines for tackling a variety of surfacing and shaping needs on projects. Taking up little space in your shop, these portable sanders can be easily stored away when not in use. Their rotating Discs use easy-to-apply pressure-sensitive adhesive-backed (PSA) sandpaper, and their work tables offer great control for touching up board ends, rounding off corners, or sanding small parts. The Belts provide similar sanding functions as the discs, with some additional advantages. The 1" wide belts surface only smaller materials, but their rear support platens can be removed to allow flexing of the belts for working curved and deep areas on projects. The bigger 4" belts run on wide frames and are best for sanding larger board faces and edges. 1" belt and disc tables adjust for sanding angles and have slots for use with miter gauges. The 51-200 is for disc sanding only, where its generous 12" size has countless uses for finishing work.

The 50-144 Belt & Disc Sander is a more powerful combination machine for larger surfacing projects. Its scaled-up design with cast iron frame and tables are made for heavier duty work. Large handles make adjusting table angles easy.

### Features

Cast Iron & Steel Construction

Belt Size 1" x 42"

Belt Tilts 0 - 45°

8" Disc Diameter

Dual Cast Iron Tables

SKU	Option	Part #	Price
9700045		50-144	\$579

Model	
Type	Belt & Disc Sander
SKU	9700045
Part Number	50-144
Barcode	09700045
Brand	Rikon
Size	25mm (1") x 1067mm (42") Belt & 200mm (8") Disc
Technical - Main	
Power Source	240V 50Hz Single Phase
Dimensions	
Product Weight (Net Weight)	27 kg
Country of Origin	
Manufactured in	China
Packaging + Shipping	
Shipping Length	520 mm
Shipping Width	340 mm
Shipping Height	400 mm
Shipping Weight (Gross)	29.0 kg
Shipping Notes	This product is classified as 'Heavy / Oversized' and generally does not qualify for FREE SHIPPING.
