The *Precision Carving System™* is the smallest attachment in the Power Carving Range. Highlighted by the *Mini Ball Gouge*, this 3-piece set will open the door to more intricate power carving, detailing and texturing. The *Mini Ball Gouge* has a 15mm diameter ball-shaped cutter. It includes a *Universal Base* that, when fitted to the *Power Carving Unit™* or a standard 4" - 4 1/2" angle grinder with a 5/8" spindle, allows users to interchange the precision carving and sanding bits to carve smaller radii, intricate details and fine textures in wood.
