SASH CLAMP BY ECLIPSE

SKU	Option	Part #	Price
9800356	Size: 1070mm	EC-ESC42	\$72.95

Model	
Type	Sash Clamp
SKU	9800356
Part Number	EC-ESC42
Barcode	5012095070368
Brand	Eclipse
Size	1070mm (42")
Technical - Main	
Bar Length	1220mm (48")
Clamping Capacity / Span	1070mm (42")
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

A range of Sash clamps for a wide range of wood working applications including gluing of large pieces of wood and furniture Replacement tail slide, peg and chain available. Sash clamps have an average clamping force of 500kg (1100lbs). The ductile head and slide are guaranteed unbreakable, whilst the steel bar offers maximum tensile and yield strength. The slightly tapered jaws enable perfectly parallel clamping and the fast action rolled thread applies pressure quickly and smoothly to the workpiece.

Features:-

Manufactured from a strong steel bar fitted with a ductile iron head and slide

Steel bar offers maximum tensile and yield strength and can achieve an average clamping force of up to 500kg

The ductile head and slide are guaranteed unbreakable

Tommy bar will bend before the clamp becomes over stressed

Twin start rolled acme thread applies pressure quickly and smoothly to the workpiece

Flat bottomed head and slide so that the clamp can stand without support

The slightly tapered jaws enable perfectly parallel clamping

Slide secured by a solid steel pin passing through one of the location holes spaced along the steel bar

Ideal for clamping large and heavy pieces of furniture and wood when gluing
