This lovely wooden rocking horse will provide hours of pleasure for the budding equestrian or the Cowboy in the family. Allow the children to jump on their horse and take off to anywhere their imagination will take them, galloping through deserts, or walking down bush tracks, even competing in a show. This lovely horse will walk, trot, canter and gallop at will, and can even fly great for journeying to imaginary lands, giving hours of enjoyment through imaginative play. Our horses have lovely actions, but a rocking horse is not merely about the physical pleasure of rocking but about the imaginative adventures that they can take you on. Encourage the children to think of places to ride the horse to, play cowboys and indians, ride into battle, or if you have a lovely girl she could be riding to meet her Prince charming, or flying to imaginary castles, or exploring an enchanted forest with her trusty mount. This can be a magical horse, a tamed wild stallion, a champion show horse, it can be a mare, stallion or gelding. Suitable for children from 3yrs old to 6yrs old.
