Shipping Weight (Gross)	0.0 kg

Framing blades are designed for fast, aggressive cross cuts where finish quality is second to cutting speed and durability. MILWAUKEE's basic framing blade features precision ground tungsten carbide teeth for fast cuts. Also, heat expansion slots to reduce blade stress. Finally, an anti-kickback shoulder for more stability.

### Features:-

Anti-Kickback Shoulder for stability.

Precision ground carbide teeth maintains the tip sharpness.

Heat expansion slots to reduce blade stress and heat buildup.

Universal Arbor System includes reduction rings to fit most circular saws.

Optimised for corded and cordless performance.
