

## 48L H CLASS DUST EXTRACTOR + CLEANING KIT CTH 201482 BY FESTOOL

| SKU     | Option | Part # | Price  |
|---------|--------|--------|--------|
| 9912371 |        | 201482 | \$2999 |

The 48 litre Festool special application dust extractor is your only answer for safe, efficient hazardous dust removal. Asbestos, mould, fibrous mineral dust, lead, cadmium, nickel, zinc chromate - the carcinogenic and pathogenic dust doesn't stand a chance. With the high power suction turbine and a 99.995% degree of filtration there is no danger to health. The two layer safety filter bag prevents contact with the dust when disposing of the bag. Approved for dust class H, the extractor can be fitted with add on modules for air or continuous power or used with the automatic electronic switch on/off function. H Class Dust Extractors are excluded from Festool's 30 Day Money Back Guarantee. H Class Dust Extractors come with standard 12 month warranty.

### Main Applications:-

- Removal of carcinogenic and pathogenic dusts
- Workshop and on site cleaning
- Automatic operation with power and air tools
- Wet and dry extraction

Festool dust extractors are fitted with a circuit breaker for safety when a connected load of 1200 watts is exceeded. Some tools that draw higher wattage can trigger the circuit breaker and if initiated requires the reset button above the socket to be pushed in and reset. When requiring to use larger wattage tools with dust extraction it is recommended the tool is operated off a separate outlet and a Bluetooth system can then be used to switch the dust extractor on and
