## SOFT INTERFACE PAD 150MM X 15MM - 203351 BY FESTOOL

SKU	Option	Part #	Price
9912945		203351	\$37

Model	
Type	Interface Pad
SKU	9912945
Part Number	203351
Barcode	4014549306246
Brand	Festool
Technical - Main	
Colour Name	Black
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

An extremely soft pad, the foam interface pad allows the abrasive to float on the surface, producing smoother results on delicate profiles and contours. All Festool pads are designed with dust extraction as a primary consideration, so you'll work cleaner, produce a better finish and significantly extend the life of your abrasives and pads. Festool pads feature the StickFix hook and loop design for quick and efficient abrasive changes, and enable re use of partially used abrasives. A highly resilient, heat resistant MPE foam is utilized in all our pads for consistent finishing results, uniform wearing, and extended pad life. Because sanding pads will eventually fatigue and require replacement, it is advisable to keep a fresh pad at hand to avoid a break in work.
